

## VirtaMed Connect

Access your simulator data anywhere with Connect

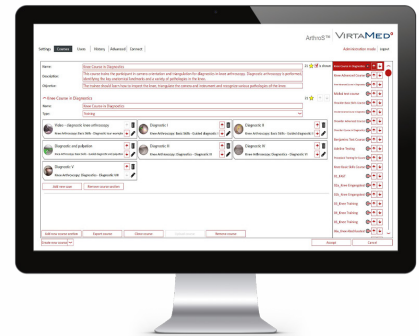

Connect is VirtaMed's cloud-based solution that lets you access your simulator data any time from anywhere. Use Connect to remotely assign and update courses, track student progress, and manage your simulator usage, all from the convenience of your desk or tablet.

### Keep your focus on education

#### Simulator management that lets you focus on what is important

- Access simulators remotely; no need to leave your office
- Conveniently assign courses and manage curricula
- Motivate your students with online leader boards

### Proficiency-based progression

#### Use objective performance measurements to guide learning

- Coach students on key areas for improvement
- Monitor cohort progress; know who is training and when
- Capture and compare student results over time

### Scale to your needs

#### Log in anywhere: across your simulators and devices

- Facilitate research collaboration with cloud-based data
- Manage multi-simulator and multi-site training programs
- Keep your simulators up-to-date; always know their status
- Only requires a stable Internet connection

# Maximize your simulator potential

Get VirtaMed Connect and increase your ROI and productivity

## Optimize your ROI

### Demonstrate the value of your simulators

- Use reporting metrics: know how often your simulators are being used, when, and by whom
- Identify peak usage times and streamline scheduling
- Re-coup costs through external trainings

## Improve productivity

### Minimize administrative overhead

- Log in anytime and anywhere thanks to remote access
- Limit downtime with 24/5 phone support, remote check-ups, and rapid exchange services
- Save time by using expertly-developed and society-endorsed courses
